WILTON, ME., AUG. 27, 1882.

"For a number of years I have been afflicted with dyspepsia and have suffered a great deal. I commenced to take the "L. F." Atwood Bitters, and found immediate relief, and now consider myself cured. Also my sister, Mrs. S. V. Eaton, of Haverhill, Mass., was visiting me, during the same year, and found great relief from the same complaint by the use of this medicine.

But I wish to speak, more particularly, of a cure it worked quite recently. My son, a stout, rugged young man, was taken sick some three weeks ago, with a distressing pain in the head. He seemed to lose his appetite, and grow weak, losing a great deal of flesh. He consulted two physicians, and they called it catarrh, and prescribed for it, but did him no good. At last I happened to think of the True "L. F." Atwood Medicine and procured a bottle immediately. He commenced taking it, and found relief at once, and is now well.

I am convinced, beyond a doubt, that, if the people who are suffering from any derangement of the stomach or liver would try it, they would save themselves from many sick days and from large doctor's bills.

You may make such use of this statement as you see fit.

Very respectfully yours,

MRS. J. A. JONES."

PREFACE.

We again present our patrons and the public with a new edition of the Biddeford and Saco Directory for their use and approval. We have spared no trouble or expense in the canvass and compilation of this issue of the work to make it in all respects as correct and reliable as is possible for a book of this kind.

The difficulty of compiling a city directory is seldom understood, and is not easily explained, dependent as we are upon local patronage, it is an absolute necessity that we have the support of the entire business community, who derive the largest portion of the benefit of such a work.

A city directory contains a great amount of information concerning the public, religious, charitable, and private institutions of the place, which makes it a valuable present record as well as an historical authority.

Every person should have at their business place or residence a directory of the city from time to time as published, not only as a daily convenience, but as a valuable record of local history.

Orders for our directories come to us from distant parts of the country, showing that our circulation is not limited to the cities they represent

Persons consulting the directory are reminded of the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages.

	1884.

Pepperell Park is a tract of land of a number of acres, situated on the easterly side of the village, and was granted to the town, in 1752, by Sir William Pepperell. The donation of a part consisted of four acres "for building a meeting-house, for a burying-place, and for setting up a school-house, and for no other use or end whatever." A still larger grant was made of land adjoining, by the same grantor, "for a training-field," etc. The Unitarian church, now occupied by Rev. J. T. G. Nichols' society, is situated on this grant
